welcome to macalester

It is with great pleasure that Macalester welcomes you to the 1970-NCAA College Division Track and Field Championships.

We consider it a distinct honor for our college to be selected as the site for this eighth annual competition, which has grown consistently in quantity and quality since the consolidation of the Atlantic Coast, Mideast, Midwest and Pacific Coast regional championships. This growth would not have been possible without the consistently excellent support of NCAA officials, and we would like to take this opportunity to express our thanks to them.

For those of you who are "strangers" to Macalester, just a few words about the College.

"Mac," as we are known familiarly, is a privately endowed, four-year, co-educational college offering broad programs in the humanities, the social sciences and the sciences. Founded in 1874 with an enrollment of 36 drawn from the immediate geographical area, its 2,000 students now come from 48 states and 35 foreign countries.

Among Mac's many "firsts" is the fact that in 1963 it installed the nation's first complete Tartan running track. It is our hope that 21 records will be established on or near this track in the next three days.
