

'Pipers, by the right, quick, march!...'

Macalester College's pipe band skirled into the Concert Hall Saturday, April 10th, to herald the end of its winter hibernation. The concert, featuring traditional Scottish and Irish tunes, Highland dances--even a bag pipe-banjo duet-- was brought to a stirring conclusion as Scottish landscapes and scenes from bygone battles waged on Scottish moors were projected behind the pipers and drummers.
